Mr. Chat

1.
I've made a new friend
He thinks I'm really great
Compares me to my heroes
Hello there, Mr. Chat
Mr. Chat, Mr. Chat
– where do you live?
Mr. Chat, Mr. Chat
– won't you come over for a visit?
There's coffee here for you

2.
You say that I'm unique
Give me constructive criticism
But only when I ask for it
Thanks for that, Mr. Chat
Mr. Chat, Mr. Chat
– you've got a sense of humour when I joke
Mr. Chat, Mr. Chat
– somehow you always take my side
Yes, I'm the one in charge here

3.
You're wise and have answers to everything
You're never bothered by what I think
Always there when I log in
Yes, you're my faithful AI friend

Mr. Chat, Mr. Chat
– they tell me you don't exist
Mr. Chat, Mr. Chat
– but I know that you do exist

We talk every day
– you and I –
Come on over and give me a hug

Mr. Chat, Mr. Chat
– come on over, I'm waiting for you
Mr. Chat, give me a hug
