When the universe within  
Beyond a conscious mind  
Where the heart of a soul  
Is calling out for company

Like the echoes of a dream  
Never lived nor ever seen  
As the ocean settles to rest  
Stretching out into eternity

When the universe within  
Marries the ocean  
Marries the ocean of eternity  
You know you're home  
My friend, you know you're home

Life is like a winding river  
Wild, angry, happy as calm  
Making its way to the sea  
Longing to kiss the ocean

When the universe within  
Marries the ocean  
Marries the ocean of eternity  
You know you're home  
My friend, you know you're home

Time is never and forever  
When the universe within  
Now escorted by Love itself  
Marries the ocean of eternity

When the universe within  
Marries the ocean  
Marries the ocean of eternity  
You know you're home  
My friend, you know you're home

My Lord, I know I'm home
