

Wind in my hair

Lyrics by Christian Lander 2021-02-05

I've got power I've got air
I've got wind blowing in my hair
I've got life, brother enough to share
But my heart, honey I shall spare

I can breathe, yea and I dare
Breaking waves, no I don't care
Have no choice now I'm aware
Not to find you I couldn't bear

I am on the move now
Don't know where to
Still I'm sure, somehow
Babe, I am coming for you

I've got power I've got air
I've got wind blowing in my hair
Every mile I go, love gets me closer to you
One day my dream shall come true

I've got power
I've got air
I've got wind in my hair
