Ring, ring the bell

I'm lost in the mist

Ring, ring the bell

Can't even see my own fist

It used to be so easy

Now I'm not so sure

It used to be so clear

Now I'm rather unsecure

Ship to shore

It's like I'm lost at sea

Ship to shore

Tell me, what's happening to me

Ring, ring the bell

I'm lost in the mist

Ring, ring the bell

Can't even see my own fist

In the mist, directions are lost so
fast

Don't know how long it's gonna
last

In the mist, it's like insanity

Don't know what's gonna be
with me

Ring, ring the bell

I said ring, ring the bell

Ring, ring, ring

I got to ring the bell
